What is Concur?

SAP Concur, is a cloud-based Travel & Expense management software application available to UConn. Concur allows UConn employees and students to request, book and expense travel as well as reimburse for non-travel out-of-pocket business expenses. Coming soon – UConn employees will be able to book travel for guests.

The following modules are included:

- **Request**: Module used to seek pre-approval for travel.
- **Travel**: Concur’s online booking tool for Airfare, Hotel and Car Rental.
- **Expense**: Module used to record/reconcile travel and non-travel out-of-pocket business expenses.
Concur Request

The Request module will be used by UConn travelers to seek Travel* pre-approval. Formal Concur pre-approvals will provide an avenue for employees to request travel in an easy-to-use system and allow the fiscal officers the ability to approve the budget for the trip**. **Faculty and staff should refer to the SFA’s internal travel policy.

* Expense reports charged to grant accounts (SPS) will be routed for additional approval (e.g., account PI, SPS control group, etc.)

University Travel Card Program

Travel Card

- Will be issued to University employees when approved by their supervisor and a dean, director, or department head.
- Typically takes 10 business days to receive the Travel Card once fully approved. It is recommended that a travel card application be completed as soon as possible.
- Can be used to pay for UConn business expenses while traveling.
- Can be used for only these types of non-travel activities:
  - Local business meals (i.e. you do not need to be traveling)
  - Virtual Conference registration fees which are allowed to be charged to the Travel Card even though no travel is taking place. The Travel Card is recommended to be used for registration fees rather than the Pro-Card.
- UConn employees who do not travel but sponsor guests should apply for the Travel Card. Ability to pay for guest’s airfare and hotels with direct relationships (ex. The Graduate)
